JOGNN.org

## EDITORIALS

- 1 [Updates for \*Journal of Obstetric, Gynecologic, & Neonatal Nursing\* in 2024](#)

The editors describe new initiatives for 2024.

*Joyce Edmonds and Angela Hartley*

- 3 [Rise and Fall of the Baby Box in the United States](#)

Significant developments contributed to the discontinuation of the use of baby boxes in the United States.

*Jennifer Doering and Rebecca Sinicki*

## REVIEWER ACKNOWLEDGMENT

- 7 [2023 JOGNN Reviewers](#)

## COLUMNS

### STATISTICS FOR NURSING RESEARCH

- 9 [Statistical Methods for Pre-Post Intervention Design](#)

The author provides an overview of options for statistical tests in pre-post analysis.

*Oliwier Dziadkowiec*

### CURRENT EVIDENCE TO GUIDE PRACTICE, POLICY, AND RESEARCH

- 14 [Expansion of Comprehensive Sexuality Education](#)

The author provides current evidence on sex education in schools and the expansion of comprehensive sexuality education.

*Summer Sherburne Hawkins*

## CRITICAL COMMENTARY

- 26 [Call for Improved Fourth Trimester Care After Stillbirth](#)

The fourth trimester is a critical time in which to prevent postpartum complications, yet women who experience stillbirths might not receive adequate care.

*Carrie J. Henry, Rahma Mkuu, Dominick J. Lemas, Amy Lee, and Mallory Scogin*

## RESEARCH

- 34 [Grounded Theory Approach to Understand Self-Management of Opioid Recovery Through Pregnancy and Early Parenting](#)

The self-management of opioid recovery through pregnancy and early parenting theory demonstrates the self-management processes of women who use medications for opioid use disorder during the perinatal period.

*Nicole M. Mattson, Jennifer M. Ohlendorf, and Kristin Haglund*

- 46 [Variation in Preterm Birth Rates Across Prenatal Care Sites in New York](#)

The location of prenatal care was associated with the likelihood of giving birth prematurely

*Patricia McGaughey, Renata E. Howland, and Kacie L. Dragan*

- 57 [Cost-Effectiveness of the Mindfulness-Based Childbirth and Parenting Program for Pregnant Women With Fear of Childbirth](#)

The Mindfulness-Based Childbirth and Parenting program is a cost-effective intervention with which to address fear of childbirth in pregnant women.

*Francisca J. A. van Steensel, Irena K. Veringa-Skiba, Annick R. Sauer, Esther I. de Bruin, and Susan M. Bögels*

## METHODS

- 69 [Psychometric Properties of the Breastfeeding and Employment Scale](#)

The low respondent burden was the main strength of the Breastfeeding and Employment Scale, which is used to measure perceptions of workplace lactation support among employed women.

*Robin Ray and Mary Kay Rayens*
